PROFILE SUMMARY DOB: 6th October 2005

I am currently studying a degree in software engineering at Nottingham Trent University. I'm a hard worker and dedicate myself to any task I undertake. I always have a positive attitude and give 100% to everything I do. I enjoy being busy and take any responsibility seriously. I am currently working part time at a National Trust property in the food and beverage team.

SKILLS

LEADERSHIP: I am currently a leader of a Cub Scout group where I have shared responsibility (with one other person) for a pack of 20 cubs aged between 8 and 11 years old. I organise and run activities as well as plan sessions for earning badges. I am DBS checked and trained in health and safety and first aid. Additionally, I have almost completed my Duke of Edinburgh Gold award, which is a significant challenge. During the four-day expedition I led the team, using my map reading skills and experience of the great outdoors to ensure we completed our bold mission successfully without harm to the environment or ourselves.

ORGANISATION: Running a Cub Scout group requires much planning and organisation, which I balance alongside A-Levels and a part-time job. I pride myself on completing all these tasks to a good standard.

DRIVING: I have a full UK driving license.

September 2012 –Present

Scouting

I started scouting when I was seven years old as a Beaver and have been through the ranks all the way through to an Explorer. Scouting has helped me make more friends and also develop my skills in all sorts of different areas including: using ropes, map reading, climbing, cooking, using fires safely and effectively and lots more.

I now volunteer as a leader at a Cub group in Doverage (Near Uttoxeter) where I continue to learn and make new friends, while having responsibility and passing on my own Scouting knowledge
